

**Yodock® Corner
Connector**

TRINITY
HIGHWAY

Ahead of the Curve™

Yodock® Corner Connector

The Yodock® Corner Connector provides a pivot point which allows nearly any degree of articulation between adjacent Yodock units to accommodate various terrains. Yodock Model 2001, 2001M or 2001MB barricades and couplers are key components of the system.

ARTICULATION ACCESSORY
