

FODS INSTALLATION ACCESSORIES 6200 FS & FODS 6100 MMT

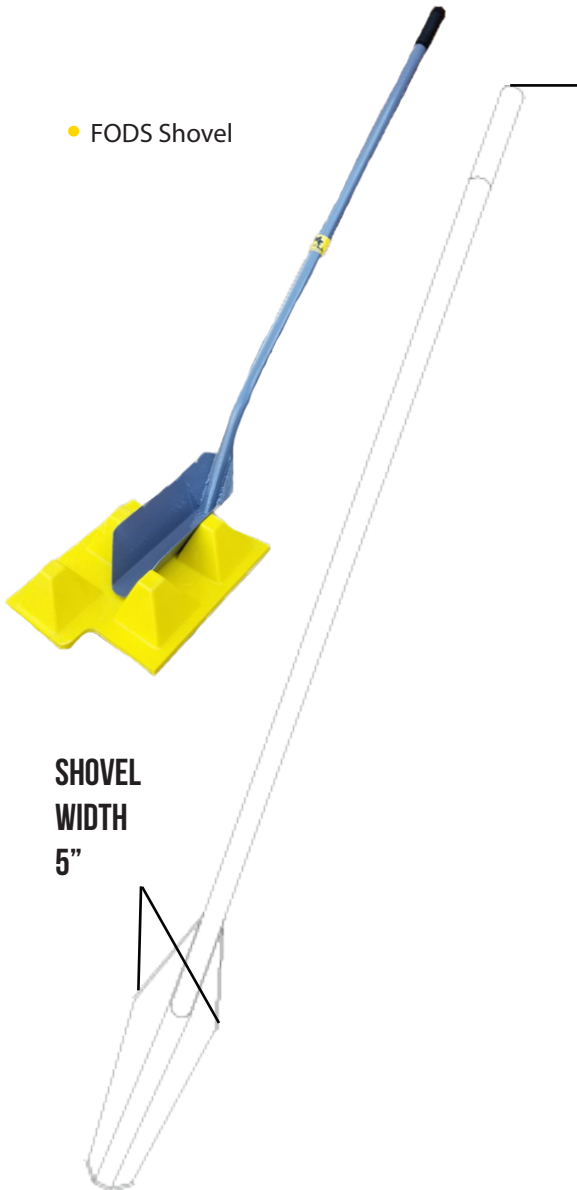

Tooling Data Sheet

GENERAL INFORMATION

The FODS Shovel Accessory is especially designed to fit between the columns of pyramids. The FODS Hook Accessory is designed to move FODS mats into place. The FODS Hook can be inserted through holes in the mat base for easy transport.

For more information on how to use the accessories please contact us at 800-671-9662.
